

Lei Huang

Contact Information

Building 480, Brookhaven National Laboratory, Upton, NY 11973

Email: lh Huang@bnl.gov

Tel: (631)344-3954

Education

Physics, Stony Brook University, Stony Brook, NY

Ph.D. Candidate

2004-present

Physics, University of Science and Technology of China, Hefei, China

B.S.

1999-2004

Working Experience

Physics Department in Stony Brook University and Institute for Advanced
Electron Microscopy in Brookhaven National Laboratory

Research Assistant

2005-present

Physics Department in Stony Brook University

Teaching Assistant

2004-2005

Professional Activities

Oral presentation, Material Research Society Fall Meeting, “*Magnetic Switching Behavior of Permalloy Thin Film, Disks, and Coupled Disk/film Structures*”, Boston, MA, November 25-30, 2007.

Oral presentation, 10th Joint MMM/Intermag Conference, “*Understanding local response by manipulation of ferromagnetic nano-elements in TEM*”, Baltimore, MD, January 7–11, 2007.

Attendee, Winter School on High Resolution Electron Microscopy, John M. Cowley Center for High Resolution Electron Microscopy, Arizona State University, Tempe, AZ, January 2006.
